

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (original): A yielding grouted rock bolt to control the movement of unstable rock strata into which the bolt is installed, said bolt comprising an elongate tendon, a portion of said tendon having a grout slippage means, and a grout engaging anchor fitted to said tendon portion and thereby at least partially deforming same, whereby in yielding said tendon portion passes through said anchor and is worked thereby.

Claim 2 (original): The bolt as claimed in claim 1 wherein said grout slippage means comprises a tube surrounding said tendon portion.

Claim 3 (original): The bolt as claimed in claim 2 wherein said tendon is formed from metal and said tube from plastics.

Claim 4 (original): The bolt as claimed in claim 1 wherein said anchor comprises a body engageable with said grout and formed in two parts which are clamped together over said tendon portion to fit said anchor thereto.

Claim 5 (canceled)

Claim 6 (original): The bolt as claimed in claim 5 wherein said parts include a plurality of complementary protrusions and recesses.

Claim 7 (canceled)

Claim 8 (original): The bolt as claimed in claim 4 wherein said two parts are substantially identical.

Claim 9 (original): The bolt as claimed in claim 4 wherein said parts are maintained clamped together by keeper rings shaped to mate with said parts.

Claim 10 (original): The bolt as claimed in claim 1 wherein said tendon comprises a multi-strand cable.

Claim 11 (original): The bolt as claimed in claim 1 wherein said tendon comprises a bar.

Claim 12 (original): The bolt as claimed in claim 1 and having a plurality of said grout engaging anchors.

Claim 13 (currently amended): A two part rock bolt anchor adapted to be fitted to a tendon of a rock bolt, said anchor comprising a body engageable with grout into which said bolt is embedded, and having two parts shaped to be clamped together over said tendon, wherein said tendon moves through said parts in yielding.

Claim 14 (canceled)

Claim 15 (original): The anchor as claimed in claim 14 wherein said parts include a plurality of complementary protrusions and recesses.

Claim 16 (canceled)

Claim 17 (original): Claim 1 (original): The anchor as claimed in claim 13 wherein said two parts are substantially identical.

Claims 18-21 (canceled)

Claim 22 (currently amended): A rock bolt anchor adapted to be pressed onto a tendon of a rock bolt, said anchor comprising a body engageable with grout into which said bolt is embedded, and said anchor being shaped to be press fitted to said tendon, wherein said tendon moves through said parts in yielding.

Claim 23 (original): The rock anchor as claimed in claim 22 and comprising a tube having an interior sized to receive said tendon.

Claim 24 (original): The rock anchor as claimed in claim 23 wherein a portion of said tube is crushed to press fit said tube onto said tendon.
